

## Celebration of Asteroid Day 30<sup>th</sup> June 2025

Kalpana Chawla Space Academy (KCSA), Lonavala celebrated Asteroid Day with great enthusiasm on 30<sup>th</sup> June 2025, Monday to mark the event organized on Learning About Asteroids Through Art. Mr. Iqbal, Mr. Chinmay, Mr. Rahul and Mr. Pramod initiated the special day celebration. Entire team of KCSA was present to cheer up the students.

In this event budding scientist of KCSA made models of Asteroids with soil Clay further they have done painting work with water colour of their choices. Student got opportunity to learn more about Asteroids in fun filled environment with sense of creativity. The importance of Day was explained and the academy celebrated such special day in presence of Dr. Pushpendu Rakshit, Program Director; KCSA. He encouraged students to participate in the event and also elaborated on the importance of learning about these celestial bodies. 18 student participated and were benefited by this event where they made asteroids with clay. This event thus complies with the motive of KCSA, that is Learning By Doing.
