

Event Report:

Online Drawing Competition on National Science Day, 28th February 2026

Date of Opening of Competition: 27th February 2026

Date of Closing of Competition: 1st March, 2026

KCSA successfully organized an Online Drawing Competition on the occasion of National Science Day, aiming to promote creativity and scientific curiosity among participants. The competition was open to individuals of all age groups, and the registration was completely free of cost, encouraging widespread participation.

Participants were provided with an online registration link through which they could submit their drawings. A two-day submission deadline was given to ensure timely participation. The competition was based on three engaging science-inspired themes: Space Journey, Human Colony on the Moon, and Rocketry.

A total of 36 participants took part in the competition across different geographical regions. Each participant demonstrated remarkable creativity and imagination, effectively translating scientific ideas into artistic expressions. The quality of submissions made the evaluation process particularly challenging.

After careful assessment, four drawings were selected as winners, while five participants were recognized as runner-ups. The winners and runner-ups were awarded Certificates of Appreciation along with Certificates of Participation, which were sent to their registered email addresses. The remaining participants were also acknowledged for their efforts by receiving Certificates of Participation via email.

Following is a list of Winners, Runner ups and Participants.

WINNERS	
First Prize	Bhargavi Labade
Second Prize	Laxmi Yadav
Third Prize	Arya Raut
Fourth Prize	Pallabi Jana

RUNNER UPS	
First Runner Up	Swarangi Ravindra Patil
Second Runner UP	Adesh Ghodke
Third Runner Up	Aadhya Singh
Fourth Runner Up	Vaishnavi Jadhav
Fifth Runner Up	Hitarth Gohil

Name of the participant:	Your Theme
Devraj jignesh sokanki	Space Journey
Jiya chavda	Human Colony on Moon
Arjun Shukla	Space Journey
Alok Shukla	Human Colony on Moon
Diksha Yadav	Space Journey
Shivansh Rodge	Space Journey
Anita madhukar jadhav	Space Journey
Avani Shukla	Human Colony on Moon
Saanvi Thorrikonda	Space Journey
Ayaan Oswal	Space Journey
Pallabi Jana	Rocketry
Vaishnavi Jadhav	Rocketry
Manas Pawar	Space Journey
Gaurav Prashant Bhandarkar	Rocketry
Hitarth Bharatkumar Gohil	Human Colony on Moon
Manav parmar	Space Journey
Swarangi Ravindra Patil	Human Colony on Moon
Arya Mukesh Raut	Space Journey
Yug vinod nair	Human Colony on Moon
Yaj baviskar	Human Colony on Moon
Laxmi Mahesh Yadav	Human Colony on Moon
Vedant Avinash vanve	Space Journey
Chirag Rahul Kale.	Rocketry
Rane Vaidehi	Space Journey
Yuvansh vinod lakhambale	Rocketry
Himanshu patil	Human Colony on Moon
Aadesh Laxman Ghodke	Rocketry
Bhargavi Mahesh Labade	Space Journey
Mohini vasekar	Rocketry
AADHYA SINGH	Space Journey
Krishang Lokhande	Rocketry
Abhir Yogesh Jadhav	Rocketry
Aaliya Baig	Rocketry

Overall, the competition was conducted smoothly through an online platform, successfully encouraging participants to explore the fascinating concepts of science and space through art. The event reflected KCSA's commitment to fostering scientific awareness, creativity, and community engagement.
